SUMMARY

Software Engineer with 1+ year of experience building enterprise web applications using C#, ASP.NET Core, Angular, and SQL Server. Skilled in REST API development, stored procedure optimization, responsive UI, and clean architecture across HR, attendance, leave, and payroll modules.

TECHNICAL SKILLS

Languages: C#, TypeScript, JavaScript, SQL, Java, HTML, CSS

Backend: ASP.NET Core, Entity Framework Core, LINQ, REST APIs, Spring Boot, Microservices

Frontend: Angular, RxJS, Bootstrap, Responsive Web Design

Databases: SQL Server, Stored Procedures, Query Optimization, MySQL, Database Design

Tools and DevOps: Git, GitHub, Docker, Visual Studio, Postman, Swagger, SonarQube, Agile, Scrum

Concepts: Data Structures, Algorithms, OOP, Design Patterns, Clean Architecture, System Design

EXPERIENCE

Rapiddata Technologies

Jun. 2025 – Present

Software Engineer

Chennai, India

- Develop and ship features for RapidHR, an enterprise HR management platform, using ASP.NET Core, Angular, and SQL Server across employee, attendance, leave, and payroll modules
- Design REST APIs and optimize SQL Server stored procedures, delivering responsive Angular interfaces that follow clean architecture and coding standards
- Deploy and maintain builds on client and production servers, handling releases, configuration, and post-deployment validation; promoted from intern to full-time engineer

Shanmuga Technovative Solutions

Apr. 2024 – Jul. 2024

Software Developer Intern

Coimbatore, India

- Built a parking management application with Java, Spring Boot, and MySQL, implementing REST APIs for spot reservation, booking, and slot management
- Containerized the application with Docker for consistent local and deployment environments

PROJECTS

RapidHR — HR Management System | ASP.NET Core, Angular, SQL Server

- Enterprise HR system serving multiple client organizations, covering employee records, attendance processing, leave management, and payroll
- Integrated AI-powered features into core workflows to automate repetitive HR operations and reduce manual effort

Make Portfolio — Portfolio Builder | Angular, ASP.NET Core, SQL Server

- Self-service product that lets users create and publish a personal portfolio website using customizable templates
- Built a template-driven Angular frontend with an ASP.NET Core and SQL Server backend supporting live preview and one-click publishing

EDUCATION

Dr. Mahalingam College of Engineering and Technology

2022 – 2026

Bachelor of Engineering, Computer Science and Engineering | CGPA: 8.7 / 10

Coimbatore, India

CERTIFICATIONS & ACHIEVEMENTS

Certifications: Programming in Java (NPTEL, IIT Kharagpur), Spring Boot and Hibernate (Udemy), React.js Front-End Development (Udemy), Rapid Mendix Developer (Mendix), Introduction to IoT (Cisco)

Achievements: 5-Star Java rating on HackerRank; 1st place in 4+ coding competitions and paper presentations; participant in 4+ national hackathons
